Drive My Soul (EP Version)

Lights

Seems somebody put out the moon
Now the road is a minefield
I can't follow the way she moves
I can't see past the shadows You make the darkness disappear
I feel found when you stay near
I know where I am when you are here
My way becomes so clearWhen you're gone
Will I lose control?

You're the only road I know

You show me where to go

Who will drive my soul?

Seems somebody burned out the signs

I can't expect the hard curves

There's no borders, there are no lines

How can I know where to turn? You make the streetlights reappear

I feel bright when you stand near

I know what I am when you are here

My place becomes so clearWhen you're gone

Will I lose control?

You're the only road I know

You show me where to go

Who will drive my soul? Will I lose control?

You're the only road that I know

You show me where to go

Who will drive my soul?

Drive my soul

When you're gone

Will I lose control?

You're the only road I know

You show me where to goWhen you're gone

Will I lose control?

You're the only road I know

You show me where to go

Who will drive my soul?
