

# Couldn't Be Mine

Craig David

She said that she's a little late (Could be)  
She said that something's on the way (Could be)  
She must have hit the wrong number with her thumb and called me  
This whole thing must be a mistake (Could be)  
Maybe she thinks she's calling Drake (Could be)  
Maybe she met us in the same club but she's insane cause it's not me  
I know we, sometimes  
Messed around once or twice  
But ain't no way that it could be mine Couldn't be mine (Oh no)  
Cause I don't remember playing around with you at the time (Oh no)  
Cause you was busy messing with some other guy  
Couldn't be mine (Oh no)  
Cause you came around only one time  
And you said we should get a little drunk  
bet of fun  
But now it's coming back to me, you got me thinking could it be mine?  
So let me get this whole thing straight (Could be)  
There's been no one since you and me  
Baby, see I was born to do it but girl, I wasn't born yesterday, yeah yeah  
Heard you were talking to my mate (Could be)  
Same time you were messaging me (Could be)  
Guess this was written in the pages living dangerously  
I know we, sometimes  
Messed around once or twice  
But ain't no way that it could be mine Couldn't be mine (Oh no)  
Cause I don't remember playing around with you at the time (Oh no)  
Cause you was busy messing with some other guy  
Couldn't be mine (Oh no)  
Cause you came around only one time  
And you said we should get a little drunk  
bet of fun  
But now it's coming back to me, you got me thinking could it be mine?  
What if it turns out I was wrong? (No baby, no baby)  
And I'd be fooling myself all along (No baby no no)  
This couldn't be happening to me, no no no  
baby  
But we can talk about this on the phone (Ohh) Couldn't be mine (Oh no)  
Cause I don't remember playing around with you at the time (Oh no)  
Cause you was busy messing with some other guy  
Couldn't be mine (Oh no)  
Cause you came around only one time  
And you said we should get a little drunk

bet of fun (Little drunk, little fun)  
But now it's coming back to me, you got me thinking could it be mine? (Oh no)  
Cause I don't remember playing around with you at the time (Oh no)  
Cause you was busy messing with some other guy  
Couldn't be mine (Oh no), baby  
Cause you came around only one time  
And you said we should get a little drunk  
bet of fun

But now it's coming back to me, you got me thinking could it be mine?
