

Boy

Ra Ra Riot

When I have once or twice
Thought I lived my life
OhOh oh I'll wake up in a thousand years
With every ghost I'm looking through
I was a cold, cold boy
Hey! Oh when I lie with you
But when I go back through
Why ... I
When it's gone and you hope
That your mind's made up
Oh I wake up twenty thousand years
With every ghost of what I knew
I was a cold, cold boy
Hey! oh when I died with you
But when I go back
Why ... I was a cold, cold boy
Hey! Oh when I said to you
That I'll go back
Why ... I
I was a cold, cold boy
Hey! oh when I died with you
But when I go back
Why ... I
