

# Say Less (feat. G-Eazy)

Dillon Francis

Yeah  
Young Gerald, yeah, uh  
Yeah, yeah, yeah, yeah, yeah  
Dylon, Dylon with the boom pow  
Every week now I switch to a new style  
Two 12's in the back just blew out  
Everything I do end up in the news now  
Leave the club with a few now  
Just some Hollywood girls and they do chow  
I'm drunk, I'm drunk in the mood now  
2 AM, what you wanna do now?  
(What you wanna do now?)  
Look baby, pass the Stella  
Don't spill on me, that's Margiela  
Got this Oakland game to tell her  
Goddamn, she look familiar  
Think we hooked up at Coachella  
What's her name? Isabella? Isa- uhhh... forget it  
That's like a week ago  
But we both know how weekends go  
Tryna function, got some places we could go  
Lock jaw got me speakin slow like yeah  
I'm blessed on blessed  
I don't GAFOS  
You tryna fuck?  
Yes on yes on yes on yes  
Say less  
Say less  
You ain't got  
You ain't got  
You, you, you ain't got  
Say less (yeah)  
Say less  
Ay girl, what it do do  
If u got friends, cool bring a few through  
No fun if the homies can't have none  
R.I.P. Nate Dogg shit is too true  
And you know what I'm down for  
Round 2, Round 3 into Round 4  
Mood switched when she knocked at the front door  
Next up was the uproar, yeah  
Was like a week ago, but we both know how weekends go  
Tryna tuck off got some places we could go  
Swear she got the deepest throat like wow  
She's blessed on blessed  
I don't GAFOS

You tryna fuck?  
Yes on yes on yes on yes! Say less  
Say less  
You ain't got  
You ain't got  
You, you, you ain't got  
Say less (yeah)  
Say less Sheesh, what you sayin'? I don't understand  
Goddamn, I'm out my mind, I popped another Xan  
Sheesh, I swear this lock jaw got me stuttering  
Goddamn, girl, you so fine, I'd fall in love again  
Sheesh, gettin' faded is my favorite rush  
Goddamn, you talkative, ain't gotta say too much  
Be quiet, who got some grapes? I'm tryna roll some trees  
Goddamn, uppers and downers, I'm off both of these  
Gettin' faded, not complicated  
Too sedated, no conversation  
Gettin' faded, not complicated  
We too sedated, no conversation  
Please say less  
Please say less  
Please say less I'm blessed on blessed  
I don't GAFOS  
You tryna fuck?  
Yes on yes on yes on yes Say less  
Say less  
You ain't got  
You ain't got  
You, you, you ain't got  
Say less  
Say less  
Say less  
You ain't got  
You ain't got  
You, you, you ain't got  
Say less
