

# I Will (with The Seattle Symphony)

[Brandi Carlile](#)

It's not the end of the world  
It's not even over but it will be soon  
I never learn my lessons, I just change my tune  
And no one seems to notice but you will, you will  
It's no big deal  
But the last thing I think of when I close my eyes  
And the first thing on my mind when I rise  
It is a day and you're not really in my life  
You can try and you won't find it where you're lookin'  
You can hold it 'til it's putty in your hands  
And you can break a heart that wasn't even yours to break  
You could never be there for me in  
the end  
And I will do the right thing  
I will, I will, I will, I will, I will, I will  
You're not fooling me  
I'm not the sort of girl who can't see reason  
But that's nothing that a little bit of time won't heal  
I know it don't come easy but I love you, I do  
Coming clean  
Means never closing curtains I just change my scene  
Oh, but you'll know what I mean and I will learn throughout my life  
To never leave what will bend  
I can try and I will find it where I'm looking  
I can hold it 'til it's putty in my hands  
You can't break a heart that wasn't even yours to break  
You could never be there for me in the  
end  
But I will do the right thing  
I will, I will, I will, I will, I will, I will  
I don't think you ever learned a thing from me  
But I'm sure that you want me to learn from you  
And you've drawn heavy handed lines around morality  
About yourself and I don't share your point of view  
It's been time to let you go a thousand times  
You never know that it hurts to be the one that you'd regret  
I have to say that I am proud to know you  
That I'll never be the same because we met  
You might not miss this  
But I will, I will, I will, I will, I will, I will  
I will, I will, I will, I will, I will, I will
