

# To Look At You

## INXS

What is the name to call  
For a different kind of girl  
Who knows the feelings  
But never the words To look at you  
And never speak  
Is so good  
For me tonite  
To look at you  
And never speak  
Is so good  
For me tonite  
What is the name to call  
For a different kind of girl  
Who knows the feelings  
But never the words  
Who do you ask when there's no one  
Left to turn to  
You ask me and I'll always try to hear  
Past money and colours and make believe  
Good cheap values for a thrifty clown To look at you  
And never speak  
Is so good  
For me tonite  
To look at you  
And never speak  
Is so good  
For me tonite  
To look at you  
And never speak  
Is so good  
For me tonite  
What is the name to call  
For a different kind of girl  
Who knows the feelings  
But never the words  
What do you fear in the simple  
Still of a summer's nite  
I understand I sympathize for a day dream  
Fairytale and I love you What is the name to call  
For a different kind of girl  
Who knows the feelings  
But never the words
