

# The '59 Sound

## The Gaslight Anthem

Well I wonder which song they're gonna play when we go  
I hope it's something quiet and minor and peaceful and slow  
When we float out into the ether into the everlasting arms  
I hope we don't hear Marley's chains we forged in life 'Cause the chains I've been hearin' now  
for most of my life  
And the chains I've been hearin' now for most of my life Did you hear the '59 sound  
Coming through on Grandmama's radio?  
Did you hear the rattlin' chains  
In the hospital walls? Did you hear the old gospel choir  
When they came to carry you over?  
Did you hear your favorite song  
One last time?  
And I wonder, were you scared when the metal hit the glass?  
See I was playing a show down the road when your spirit left your body  
And they told me on the front lawn, I'm sorry I couldn't go  
But I still know the song and the words and her name and the reasons And I know 'cause we  
were kids and we used to hang  
And I know 'cause we were kids and we used to hang Did you hear the '59 sound  
Coming through on Grandmama's radio?  
Did you hear the rattlin' chains  
In the hospital walls? Did you hear the old gospel choir  
When they came to carry you over?  
Did you hear your favorite song  
One last time?  
Young boys, young girls  
Young boys, young girls  
Ain't supposed to die on a Saturday night  
Ain't supposed to die on a Saturday night  
Well they ain't supposed to die on a Saturday night  
Ain't supposed to die on a Saturday night Did you hear the '59 sound  
Coming through on Grandmama's radio?  
Did you hear the rattlin' chains  
In the hospital walls? Did you hear the old gospel choir  
When they came to carry you over?  
Did you hear your favorite song  
One last time? Young boys, young girls  
Young boys, young girls
