

Drive Me Crazy

[Kip Moore](#)

She was pretty, about 17
When she moved in just down my street
Still don't know what she saw in me I guess she like the way I made her laugh
She wanted more than what friends had
She kissed me once and we never looked back First time was down by the river
Our sweat made both us shiver
Don't stop, darlin' they're just raindrops The moonlight was all around
Our breath the only sounds
Baby, darlin' she said take me
And drive me crazy In the woods in my grandpa's barn
In the backseat of my car
She said it doesn't matter where we are
She made me thirst for a woman's love
I kept drinkin' couldn't get enough
Yeah there was magic in her velvet touch First time was down by the river
Our sweat makin' both us shiver
Don't stop
Darlin' they're just raindrops The moonlight was all around
Our breath the only sounds
Baby, darlin' she said take me
And drive me crazy The leaves changed
And the sky turned grey
Her dady's job took her away
I can still see the tears running down her face
Oh yeah
First time was down by the river
Our sweat makin' both us shiver
Don't stop
Darlin' they're just raindrops The moonlight was all around
Our breath the only sounds
Baby, darlin' she said take me
And drive me crazy Baby, drive me crazy
