

# Party for Your Right to Fight

## Public Enemy

Yeah, y'all party for your right to fight  
Yeah, y'all  
Yeah, y'all party for your right to fight  
Yeah, y'all Power equality and we're out to get it  
I know some of you ain't wid it  
This party started right in 66  
With a pro Black radical mix Then at the hour of twelve  
Some force cut the power  
And emerged from hell  
It was your so called government  
That made this occur  
Like the grafted devils they were  
Yeah, y'all party for your right to fight  
Yeah, y'all  
Yeah, y'all party for your right to fight  
Yeah, y'all J. Edgar Hoover and he coulda proved to you  
He had King and X set up  
Also the party with Newton, Cleaver and Seale  
He ended, so get up Time to get 'em back  
(You got it)  
Get back on the track  
(You got it)  
Word from the honorable Elijah Muhammed  
Know who you are to be Black Yeah, y'all party for your right to fight  
Yeah, y'all  
Yeah, y'all party for your right to fight  
Yeah, y'all  
Yeah, y'all party for your right to fight  
Yeah, y'all  
Yeah, y'all party for your right to fight  
Yeah, y'all To those that disagree it causes static  
For the original Black Asiatic man  
Cream of the earth and was here first  
And some devils prevent this from being known But you check out the books they own  
Even masons they know it  
But refuse to show it, yo  
But it's proven and fact  
And it takes a nation of millions to hold us back Yeah, y'all party for your right to fight  
Yeah, y'all  
Yeah, y'all party for your right to fight  
Yeah, y'all Yeah, y'all party for your right to fight  
Yeah, y'all

Yeah, y'all party for your right to fight  
Yeah, y'all Yeah, y'all party for your right to fight  
Yeah, y'all

Yeah, y'all party for your right to fight
