

Come C Mi (feat. Justine Skye)

Ramriddlz

Yeah, yeah
(Bodmon)
In the building
(Sweetest thing)Hey you girl can I get your number?
Well boy, can you handle this bumper?
Can get her wetter than my jumper
Yeah and I'mma make it bounce like Thumper
Come see me boy, come see me boy
Come see me boy, come see me boy
Come see me boy, come see me boy
Make it bounce like Thumper
Make it bounce like Thumper
Make it bounce like Thumper
Damn ting took a zumba
I can see you from 'cross the room uh
Watching me and you too
Make that kitty pounce like Puma
Always faded like I'm fresh from the barber
Little mama say she fresh from Bahama
Oh I love the way she laugh when I say banana
And the way she call me BabaYou really want my body
I really want to take your body
You really want, this day, and this day
And this ting, the right thing
Sipping on a cool drink on a Tuesday
Looking for a cutie with a booty
Gotta wine that thing 'pon me like a rude ting
Oh what do you say?
Oh what do you say?
I want to style with you and ride with you babe
Wine that thing, ah
Style with you and ride with you babe
Style with you and ride with you babe
Wine that thing, ah
Hey you girl can I get your number?
Well boy, can you handle this bumper?
Can get her wetter than my jumper
Yeah and I'mma make it bounce like Thumper
Come see me boy, come see me boy
Come see me boy, come see me boy
Make it bounce like Thumper
Make it bounce like Thumper

Make it bounce like Thumper
My ding-a-ling swing make your pumpum sing
Wind 'pon a ting, dutty wine 'pon a ting
Oh, it's nasty, boy, get nasty
You can be my barbie, I can be your Ken doll
I want [?] sandal
You're the type of girl I need to handle
Girl you're fine like wine, get better with time
Wine, baby, wine
Girl you're fine like wine, get better with time
Wine, baby, wine
Wine, baby, wine I got chills they're multiplying
And I'm losing control
Oh that flower is electrifying
I want to get inside it, I want to get inside it
