

# Meet the Bullet

## Drowning Pool

If you're crazy and you know it shoot yourself  
If you're crazy and you know it shoot yourself  
If you're crazy and you know it and the gun is cocked and loaded  
If you're crazy and you know it shoot yourself  
Gonna meet the bullet, meet the bullet, meet the bullet  
Gonna meet the bullet, meet the bullet halfway  
Gonna meet the bullet, meet the bullet, meet the bullet  
Gonna meet the bullet, meet the bullet halfway  
Fuck you! Cause if you have your way  
You'd have me broken and exposed  
You're such a [?]  
But I know, I know, I know  
Hide your place under your tongue  
(No you won't hear what I say)  
I will always hold the gun  
The bullet's on the way  
You and me (Gonna meet the bullet, meet the bullet, meet the bullet)  
And a bullet (Gonna meet the bullet, meet the bullet halfway)  
You and me (Gonna meet the bullet, meet the bullet, meet the bullet)  
And a bullet (Gonna meet the bullet, meet the bullet halfway)  
My patience is one bullet away  
Your ignorance rips me limb from limb  
The skin is toughened, to stretch and cover up the bones left to [?]  
Hide your place under your tongue  
(No you won't hear what I say)  
I will always hold the gun  
The bullet's on the way  
The way, way  
Death is the new love and dust is the new blood  
Death is the new love and dust is the new blood  
Death is the new love and dust is the new blood  
Death is the new love and dust is the new blood  
You and me, and the bullet  
Hide your place under your tongue  
(No you won't hear what I say)  
I will always hold the gun  
The bullet's on the way  
Hide your place under your tongue  
(No you won't hear what I say)  
I will always hold the gun  
The bullet's on the way  
You and me (Gonna meet the bullet, meet the bullet, meet the bullet)

And a bullet (Gonna meet the bullet, meet the bullet halfway)  
You and me (Gonna meet the bullet, meet the bullet, meet the bullet)  
And a bullet (Gonna meet the bullet, meet the bullet halfway)  
You and me (Gonna meet the bullet, meet the bullet, meet the bullet)  
And a bullet (Gonna meet the bullet, meet the bullet halfway)  
You and me (Gonna meet the bullet, meet the bullet, meet the bullet)  
And a bullet (Gonna meet the bullet, meet the bullet halfway)
