

# Forsaken

## Group 1 Crew

There were times when my fear controlled me  
And Your grace was so far from reach  
When the walls of the world were closing all around me  
For my God, You have shown Your  
mercy  
Through my good and my darkest days  
So whom shall I fear if You are for me, Jesus  
But here I stand unbroken  
Here with an open heart  
And in Your hands I give You all of me  
Forgiven with a brand new start  
Let Your spirit reign over me  
I'm down on my knees  
I'm giving You everything  
I know I'll never be forsaken  
Never forsaken but patiently waiting  
Hating the times that my flesh is  
Chasing the stench of death  
While I'm facing the fork on the road  
Complacent and knowing that my decision  
Determines my soul's position  
And place in this final destination  
But I fear nothing, unmovable  
Statue of my faith is firmly planted  
In Your crucible  
And heated by the trials of life, I'm not forgotten  
I remain the focus of Your thoughts  
And Jesus, you ain't stopping, no  
So here I stand unbroken  
Here with an open heart  
And in Your hands I give You all of me  
Forgiven with a brand new start  
Let Your spirit reign over me  
I'm down on my knees  
I'm giving You everything  
I know I'll never be forsaken  
No, you've never given up on me  
Through the storm you're leading me  
And just when I can't stand  
You come and take me as I am  
Lord, you're never far away  
Let your power reign over me  
With you I'm not afraid  
So here I stand unbroken  
Here with an open heart  
And in Your hands I give You all of me  
Forgiven with a brand new start  
Let Your spirit reign over me  
I'm down on my knees  
I'm giving You everything  
I know I'll never be forsaken
