

Country Done Come to Town

John Rich

I'm just a country boy
And, yes, I do enjoy
Showing them city folk my hell-raising ways
Valet my muddy truck
In a high-pollutin' club
I holler howdy just to see what they say
They say wo o a wo o
Country done come to town
So put your Gucci shoes up
And pull your roller cases out
We're gonna have ourselves a hell raising time
Yeah we're gonna party like cowboys tonight
Sayin' wo o a wo o
Country done come to town
I give the girls a wink
I buy the boys a drink
I keep on tipping till they play me some Hank
And when they finally do
I show em my boot scoot move
By closing time they're all talking that twang
Sayin' wo o a wo o
Country done come to town
So put your Gucci shoes up
And pull your roller cases out
We're gonna have ourselves a hell raising time
Yeah we're gonna party like cowboys tonight
Sayin' wo o a wo o
Country done come to town
A Stetson hat
A button-down
A rowdy crowd
Can I get a hell yeah!?
Wo o a wo o
Country done come to town
So put your Gucci shoes up
And pull your roller cases out
We're gonna have ourselves a hell raising time
Yeah we're gonna party like cowboys tonight
Sayin' wo o a wo o
Country done come to town
Sayin' wo o a wo o
Country done come to town

Sayin' wo o a wo o

Sayin' wo o a wo o

Sayin' wo o a wo o

Country done come to town

Country done come to town

Country done come to town
