

Crazy Over You

Ebony Day

I don't know what's going on
How can it feel like you've been gone for so long
There is something very wrong
I get scared when I started thinking that you might be the one Woaahh Woaahh
I never felt like this before
Woaahh Woaahh
I need you to know I can't eat, can't sleep
When you near me, I can't breathe
You got me acting like a fool I try to hate you
That's something I could never do
Boy, you're too good for me to lose
I'm crazy over you
Woaahh
I'm going crazy over you
Woaahh
I'm going crazy over you-ou This isn't how it's meant to be
I can't believe I'm chasing you
When you should be chasing me
I try to keep it all inside
Where do you go
Where do you go when you've got nowhere to hide Woaahh Woaahh
I never felt like this before
Woaahh Woaahh
I need you to know I can't eat, can't sleep
When you near me, I can't breathe
You got me acting like a fool
I try to hate you
That's something I could never do
Boy, you're too good for me to lose I'm crazy over you
Woaahh
I'm going crazy over you
Woaahh
I'm going crazy over you-ou Maybe, I'm crazy
Crazy over you
You got a secret
You crazy for me too I can feel like when we kiss
I can taste it on your lips
So what if we're crazy? I can't eat, can't sleep
When you near me, I can't breathe
You got me acting like a fool I try to hate you
That's something I could never do
Boy, you're too good for me to lose I can't eat, can't sleep

When you near me, I can't breathe
You got me acting like a fool I try to hate you
That's something I could never do
Boy, you're too good for me to lose I'm crazy over you
Maybe I'm crazy
Woaahh
Maybe I'm crazy over you
Woaahh
I know you're crazy for me too I'm going crazy over you
Woaahh
I'm going crazy over you-ou
Woaahh
