

She's Gonna Break Soon

Less Than Jake

She's gonna break soon, gonna break soon, gonna break soon
She's gonna break soon, gonna break soon, gonna break soon
With so many problems in her life it really comes as no surprise
That she's gonna break soon, gonna break soon, she's gonna break
Welcome to her busy dizzy
life of going out and getting high
And following all the latest trends while shedding all her oldest friends
It's been weeks worth of weekends
When fake ID's and fake passions are her best friends
She's gonna break soon, gonna break
soon, gonna break soon
She's gonna break soon, gonna break soon, gonna break soon
With so many problems in her life it just comes as no surprise
That she's gonna break soon, gonna break soon, she's gonna break
She's been thinkin', wishin' she could hide
From the girls with the comments passing by
It's the boys in bars on Friday night
That replace the emptiness inside
She'll be spending her whole weekend
Faking laughs and faking smiles with her fake friends
She's gonna break soon, gonna break
soon, gonna break soon
She's gonna break soon, gonna break soon, gonna break soon
With so many problems in her life it just comes as no surprise
That she's gonna break soon, gonna break soon, she's gonna break
Promises you made back
home are crumpled like the goodbye notes
And last night's dirty clothes were on the floor next to the phone
And it's been disconnected months ago
No calls from your friends back home
You lost your point of view and now
It's got the best of, got the best of, got the best of you
She's gonna break soon, gonna break soon, gonna break soon
She's gonna break soon, gonna break soon, gonna break soon
With so many problems in her life it just comes as no surprise
She's gonna break soon, gonna break soon, she's gonna break
Yea yea yea, break soon, gonna
break soon, she's gonna break
Yea yea yea, break soon, gonna break soon, she's gonna break
Yea yea, she's gonna break, yea yea, she's gonna break, yea yea
With so many problems in her life it just comes as no surprise
That she's gonna break
