

# A Different Kind of Pain

## Cold

Before I let you go  
Give me just one more night  
To show you just how I feel  
I lost all my control  
If it takes my whole damn life  
I'll make this up to you Kind of like the waves  
That roll their whole life towards somewhere  
Crashing on the shore  
It's blown in by the wind  
That carries the clouds to hide  
My wish on a fallen star  
A different kind of pain  
Is someone there to hold you?  
Is someone there to take you away from me?  
A different kind of pain  
Is someone there to hold you?  
Is someone there to take you away from me? I tried to let you go  
I wish I could turn back time  
And show you just how I feel  
I needed you to know  
If it takes my whole damn life  
I'll make this up to you Kind of like the waves  
That roll their whole life towards somewhere  
Crashing on the shore  
It's blown in by the wind  
That carries the clouds to hide  
My wish on a fallen star  
A different kind of pain  
Is someone there to hold you?  
Is someone there to take you away from me?  
A different kind of pain  
Is someone there to hold you?  
Is someone there to take you away from me? Before you let me go away  
Before you let me go away  
Before you let me go away  
Before you let me go  
I need you to know A different kind of pain  
Is someone there that to hold you?  
Is someone there to take you away from me?  
A different kind of pain  
Is someone there to hold you?  
Is someone there to take you away from me? A different kind of pain

It's a different kind of pain  
A different kind of pain  
It's a different kind of pain  
It's a different kind of pain  
It's a different kind of pain  
It's a different kind of pain  
It's a different kind of pain  
It's a different kind of pain  
It's a different kind of  
It's a different kind of
