

Something Different (Boehm Remix)

Why Don't We

Look At Us
We Could Paint A Perfect Picture
About Us
From Your Head To Toe I'll Fit Ya
They Follow Us
Yeah We Make The Biggest Fiction
They Believe It So I Guess It Must Be Real
I Can Read Your Mind
I Know What You're Thinking
I Could Spend My Time
Feeling All The Reasons
What They Know Bout' Us
Doesn't Make A Difference
Baby, We Got Us
We Got Something Different
We Got Something
(Something)
(Something)
We On Something Different
We On Something
(Something)
(Something)
We On Something Different
We On Something
(Something)
(Something)
We On Something Different
We On Something
(Something)
(Something)
We On Something Different
In A Rush
Even Though We Young And Flexin
Falling In Love
Bout' A Hundred Times A Day
Like It's Not Enough
Yeah We Make The Biggest Fiction
They Believe It So I Guess It Must Be Real
I Can Read Your Mind
I Know What Your Thinking
I Can Spend My Time
Feeling All The Reasons

What They Know Bout' Us
Doesn't Make A Difference
Baby, We Got Us
We On Something Different
We On Something
(Something)
(Something)
We On Something Different
We On Something
(Something)
(Something)
We On Something Different
We On Something
(Something)
(Something)
We On Something Different
We On Something
(Something)
(Something)
We On Something Different
(End)
