

# Bad Karma

Gabbie Hanna

Skeletons in my closet  
I got secrets that'll shake you to your bones  
It ain't worth all the drama  
Might be easier if I just die alone  
What goes around, comes around  
Do unto others and all that other shit  
Guess I had to learn my lesson  
You were one hell of a lesson  
Energy's in full rotation  
Knew I would regret ya  
Payin' for my past mistakes  
You're bad, bad karma  
Fuckin' up my reputation  
Shoulda seen it comin'  
Is it my imagination  
Or bad, bad karma  
Bad, bad  
Bad, bad karma  
Bad, bad  
Bad, bad karma  
I recognize what you're doin'  
Wasn't long ago that I was just like you  
Did a little self-improvement  
But it seems you're still rotten to your roots  
What goes around, comes around  
Do unto others and all that other shit  
But you're caught up in the cycle  
I broke myself out of your cycle  
Energy's in full rotation  
Knew I would regret ya  
Payin' for my past mistakes  
You're bad, bad karma  
Fuckin' up my reputation  
Shoulda seen it comin'  
Is it my imagination  
Or bad, bad karma  
Bad, bad  
Bad, bad karma  
Bad, bad  
Bad, bad  
You have a hunger for disaster  
But you'll never get your fill  
If by bringing someone down  
You thought that you'd feel better  
Then why are you so unhappy still  
Energy's in full rotation  
Knew I would regret ya

Payin' for my past mistakes  
You're bad, bad karma  
Fuckin' up my reputation  
Shoulda seen it comin'  
Is it my imagination  
Or bad, bad karmaBad, bad  
Bad, bad karma  
Bad, bad  
Bad, bad karma
