

# Can I Be Him

James Arthur

You walked into the room  
And now my heart has been stolen  
You took me back in time to when I was unbroken  
Now you're all I want  
And I knew it from the very first moment  
Cause a light came on when I heard that song  
And I want you to sing it again I swear that every word you sing  
You wrote them for me  
Like it was a private show  
But I know you never saw me  
When the lights come on and I'm on my own  
Will you be there to sing it again  
Could I be the one you talk about in all your stories  
Can I be him  
I heard there was someone but I know he don't deserve you  
If you were mine I'd never let anyone hurt you  
I wanna dry those tears, kiss those lips  
It's all that I've been thinking about  
Cause a light came on when I heard that song  
And I want you to sing it again I swear that every word you sing  
You wrote them for me  
Like it was a private show  
But I know you never saw me  
When the lights come on and I'm on my own  
Will you be there to sing it again  
Could I be the one you talk about in all your stories Can I be the one  
Can I be the one  
Can I be the one  
Oh, can I, can I be him  
Want you sing it again  
Oh, when you sing it again  
Can I be him  
Want you sing it again  
Oh, when you sing it again  
Can I be him I swear that every word you sing  
You wrote them for me  
Like it was a private show  
But I know you never saw me  
When the lights come on and I'm on my own  
Will you be there, will you be there  
Can I be the one you talk about in all your stories  
Can I be him

Can I be him  
Can I be him  
Can I be him
