

# End Up Here

Cher Lloyd

Boy I was watching you move  
Sorta checking you out  
Loving what you do  
Boy we ought to paint the town You gon' watch me get through it  
Double roll and lean  
Make up your mind if you're liking what you see Don't want no flowers  
Don't buy me no gifts  
I need somebody who can take care of this  
I don't know what you do cos I know you do it well  
You got your game tight real smart I can tell Please don't play that usual game  
That type to put out your flame  
I don't wanna shed a tear  
And I didn't wanna end up here  
Could you get me that dress that you throw right round?  
Give me that stuff make you wanna get down  
I didn't wanna end up here Yeah I win through your phone  
I didn't like what I see  
You promised you'd be true  
You make a fool out of me My friends tryna warned me that I'd waste my time  
I saw your true colours almost lost my mind  
Looks like you do the same to all your other girls  
Except you bought them flowers  
You bought me pearls When you're going out tonight  
I know you're seeing her again  
See your picture together  
So now you're kissing all your friends  
Please don't that usual game  
That type to put out your flame I don't wanna shed a tear  
And I didn't wanna end up here  
Could you get me that dress that you throw right round?  
Give me that stuff make you wanna get down  
I didn't wanna end up here If I don't leave right now  
With my wounds still open  
Slip right through your hands  
And my heart is broken  
I'm moving on yeah yeah  
I'm moving on yeah yeah  
I'm moving on yeah yeah  
I'm moving on I don't wanna shed a tear  
And I didn't wanna end up here  
Could you give that dress that you throw right round?  
Give me that stuff make you wanna get down

I didn't wanna end up here
