

For the Stunt

Russ

It took me 10 years to talk like this...Put a billboard in my city

Yea I do it for the stunt

Riding Bentley's in your city

Yea I do it for the stunt

I might fly your girl out with me

Yea I do it for the stunt

I might go and blow like fifty

Yea I do it for the stunt

Yea I do it for the stunt

Yea I do it for the stunt

Yea I do it for the stunt

I just do it for the stunt

Yea I do it for the stunt

Yea I do it for the stunt

I just do it for the stunt

I was broke a year ago I worked for this

Dropped 11 albums they all flopped, but I learned from it

I don't go to church

But still i hope I reach the masses

Even though what took you years to make

I pay in monthly taxes

They use to say I brag too much

They use to say I sing too much

They use to say I rap too much

Now it's 10k just to drink too much

Now I got 10's in a hotel suite

When I show up it's the first time we meet

Now the highlight of your week

Is an Instagram video in the club

With a bunch of broke people peep

Put a billboard in my city

Yea I do it for the stunt

Riding Bentley's in your city

Yea I do it for the stunt

I might fly your girl out with me

Yea I do it for the stunt

I might go and blow like fifty

Yea I do it for the stunt

Yea I do it for the stunt

Yea I do it for the stunt

Yea I do it for the stunt

I just do it for the stunt

Yea I do it for the stunt
Yea I do it for the stunt
Yea I do it for the stunt
Yea I do it for the stunt
I just do it for the stunt Too busy eating my own fruit, to check if yours is sweeter
Too busy watering my grass, to check if yours is greener
I need a celebration
Celebrating hella patience
I was down but now I'm up
I'm celebrating elevation
Up
Ex's hate but I know its love
Everyone late on the train but us
Still in a Nissan
Still with my day ones
Still keep it real as fuck
Plus
I boss up yeah it's been like that
Went on tour then I went right back
Millionaire new default setting
I keep on betting on me Put a billboard in my city
Yea I do it for the stunt
Riding Bentley's in your city
Yea I do it for the stunt
I might fly your girl out with me
Yea I do it for the stunt
I might go and blow like fifty
Yea I do it for the stunt
Yea I do it for the stunt
Yea I do it for the stunt
Yea I do it for the stunt
I just do it for the stunt
Yea I do it for the stunt
Yea I do it for the stunt
I just do it for the stunt
