

# Baby, I Won't Do You No Harm

## The Sheepdogs

I see you standing on the corner,  
You see me running down the street.  
These high school kids are stealing street signs,  
Little sister quick upon her feet.  
You got me searching all over;  
I'm searching hard for what I want. Don't be late, baby I won't do you no harm.  
Don't you [?], baby don't keep putting me off. Your only scratching at the surface,  
You go all in before you fold.  
Try to describe the local colour,  
'Scuse me if I may be so bold.  
I go and catch another prisoner,  
don't you [?], baby don't keep putting me off.  
don't be late, baby I won't do you no harm
