

# Bronx Cheer

## Mercury Rev

have you seen her running 'round (have you seen her)  
and the way she wears her hair (running 'round)  
if you see her out tonight (have you seen her)  
tell her I don't care (running 'round)  
tell her I don't care (running 'round)  
have you heard she's coming down (have you seen her)  
with every sickness in the air (running 'round)  
if you see her out tonight (have you seen her)  
tell her I don't care (running 'round)  
tell her I don't care  
tell her I don't care (running 'round)  
I don't care  
I don't care  
(kumbaya, kumbaya, have you seen her, let her know)  
and if you get alone let her know that I don't really care  
and if you get alone let her know that I don't really care  
have you seen her running 'round  
and the way she wears her hair  
if you see her out tonight  
tell her I dont care  
tell her I dont care  
tell her I dont care  
tell her I dont care  
I don't care  
I don't care  
(kumbaya, kumbaya, kumbaya)
