

Slow

Jamie Foxx

There's so much I wanna do to you
First you gotta step into this room
Look into my eyes, I'ma look right into yours
Cut the lights off but don't you close the door
Tonight I'm gonna make my hallways echo you Now pull my shirt off, pull your jeans down
Oh baby, take your time, now turn around
As our bodies catch the mirror, let me grind into the song
I'ma do you all night long And I'ma go slow, slow, slow
And I'ma go slow, slow, slow
Those other guys don't get it like I get it But I'm with it, I get it and they just wanna hit it
But I hear you, I pay attention
I'm not finished till you're finished
You're gon' get yours, I'ma get mine
And I'ma take my time and I'ma do it slow Shawty like it slow, shawty like it slow
Shawty like it slow, slow, slow, slow, slow, slow, slow, slow
Shawty like it slow, shawty like it slow
Shawty like it slow, slow, slow, slow, slow, slow Baby, I'ma do you till you lose your mind, oh
Baby, you're so umm, umm, umm, umm, umm, umm fine
Hey, I'ma do your little body like a roller coaster
So hold on tight, lay on my shoulder
And slowly but surely I'ma break that body like a cake You're gonna sweat these sheets out,
I'ma mess your hair up
And I'ma wild out on ya like I don't give a ***
Until it's three o'clock, four o'clock, five o'clock, six
And I gotta take my time with you 'cause your *** is *** And I'ma go slow, slow, slow
And I'ma go slow, slow, slow
Those other guys don't get it like I get it
But I'm with it, I get it and they just wanna hit it
But I hear you, I pay attention
I'm not finished till you're finished You're gon' get yours, I'ma get mine
And I'ma take my time and I'ma do you slow Shawty like it slow, shawty like it slow
Shawty like it slow, slow, slow, slow, slow, slow, slow
Shawty like it slow, shawty like it slow
Shawty like it slow, slow, slow, slow, slow, slow That's it, here we go, put my love in the air
If the curtains are open, I don't care, let 'em stare
I can do all the way, every step on the staircase
Baby, let me make your day
