

Floating (feat. 21 Savage)

ScHoolboy Q

[Intro: ScHoolboy Q]

Fall in this bitch, transfusion with the drip drop
Sauce everywhere and got broccoli in my Ziploc
Tatted on my face, no role model, that's for Kid Bops
Got it on my waist, let that shit rock, I'm floating [Chorus: ScHoolboy Q]
Floating, I'm floating, floating, floating, floating, floating
Floating, I'm floating, floating, floating, floating, floating
Swag on max, got no legs, bitch, I'm floating
Might turn into a ghost, punk bitch, yes, I'm floating
Floating, I'm floating, floating, floating, floating, floating, floating
Floating, I'm floating, floating, floating, floating, floating, floating
Swag on max, got no legs, bitch, I'm floating
Might turn into a ghost, punk bitch, yes, I'm floating (Woo)

[Verse 1: ScHoolboy Q]

Take it off, yeah, going off, yeah
Money been here, the body's in here

The product get late, the pussy gon' wait
The money I chase, the 'Rari don't break
You killing my pace, the Carti' my face
A mil' in my safe, now hand me that tape
Ten toes in the mud, who the plug getting wrapped?
Ten-tone yellow pill, selling seals and it's facts, ayy

Now take this in and out like it's supposed to go
Made it out the hood, had to bounce right quick (Bounce right quick)
Wonder how I drop out, learn to count like this (Learn to count like this)
Got a new house and a condo where I keep my shit (Where I keep my shit)
Got a shoestring 'round the thing thing, they don't build like this okay, I'm floating, ayy

Floating, I'm floating, floating, floating, floating, floating
Floating, I'm floating, floating, floating, floating, floating

Might turn into a ghost, punk bitch, yes, I'm floating
Floating, I'm floating, floating, floating, floating, floating, floating
Floating, I'm floating, floating, floating, floating, floating, floating
