State of Mind

Mad Caddies

Mad Caddies LYRICS"State of Mind"I feel the heat, a fire that burns

Deep in my soul as this hell ride returns

No one around to hear me cry out

Open my mouth but I can't make a soundI feel the weight of the world sometimes hanging on my head, whoa

Look for the light at the end of this tunnel once again I'm talking 'bout the right state of

The right state of

The right state of your mindFear for the worst, I can't catch my breath

My heart beats to the sound of unrest

Pulse racing high, my thoughts are so low

Reach out my hand but there's no one to holdWe walk alone through this strange life

it can be so cold sometimes, whoa

Just close my eyes and remember

if you search you just might findI'm talking 'bout the right state of

The right state of

The right state of your mind

I feel the weight of the world sometimes

hanging on my head, whoa

Look for the light at the end of this tunnel once againI'm talking 'bout the right state of

The right state of

The right state of your mind
