I be Sippin' on somethin', oh shit, I might need an IV Permanently, permanentlyOh no Bobby, don't do 'em like that You gon' fuck around and leave 'em ruined like that RattPack the gang, they all on my back RattPack the gang, we do it like that No, don't do 'em like that

You gon' fuck around and leave 'em ruined like that

RattPack the gang, they all on my back
RattPack the gang, we do it like thatThe illest that bring it the realest
Bitch, I came to kill this

They can never bear me just the homies and me Now we the Grammy family

You made a couple million, that's it, it's gross My net is 30, my record clean, my flow is dirty

Right, real G's move in silence like

Who the common denominator?

Fuck around and bomb a hater

My flow greater, heart darker than Darth Vader Check the data, matter of fact check the state of mind After I'm finished, these rappers ain't in a state to rhyme

Straight to your mind now

Feel this shit like it's some Braille

Way too heavy for the scale

All I know about is bars like I couldn't make the bail

It ain't never room to fail

Only growing and prevail

When my anxiety rise and I feel like I'm in hell

Take a moment and inhale

Count to five then exhale

Then we run that motherfucker like a marathon Hits, motherfucker, hits, yeah we 'bout that Barry Bonds Brace yourself, you can't retain me

All that shit you talkin' out your mouth just won't sustain me Logic pickin' up the slack like denim

Spit it with venom

Never pretend to be somethin' that I'm not And you ain't shit when you stand next to me No kiddin' like vasectomy

Step to me, throw disrespect to me and I'll rearrange your trajectory
Black and white like a piano and I am proud to be
And fuck whoever tell me that I'm not allowed to be

I am me, I'm a man Can I live? Goddamn

Yeah, I guess this shit right here is just all a part of the plan Haters gon' hate, that's the motherfuckin' sayin'

So much plaque on my wall I need a dentist

From Maryland to Venice, this shit is worldwide

Step up to the mic and it's a homicideOh no Bobby, don't do 'em like that

You gon' fuck around and leave 'em ruined like that

RattPack the gang, they all on my back

RattPack the gang, we do it like that

No, don't do 'em like that

You gon' fuck around and leave 'em ruined like that

RattPack the gang, they all on my back

RattPack the gang, we do it like that
