

W/S Foe Life

Mack 10 & Ice Cube

We got bitches on the left, niggas on the right
Bitches wanna fuck, niggas wanna fight
Do what you gotta do, nigga keep it tight
But make 'em understand it's W/S foe life X rated Americans most faded
Bitch plated niggas in the industry
Got it in for me, but I kick back nigga life is short
And you don't wanna get put on life support We wake up early, you ain't worthy and got the
killas on deck
So the rappers ain't got to get they hands dirty
You wanna battle, hand a bitch the mic
You wanna squab, I'm too rich to fight Niggas hit him, hit him, where it hurts to his head squirts
puss
Infamous when you ain't kind to us
Abuse with crips and bloods, on the loose
Killa Cali all we need is an excuse
We got bitches on the left, niggas on the right
Bitches wanna fuck, niggas wanna fight
Do what you gotta do, nigga keep it tight
But make 'em understand it's W/S foe life Just remember you niggas that want me to timber
I'm in my swimming pool, it's middle of December
Foe every motherfucka that wanna kill a vet
Make sure he see a silloutte foe his pillows wet It's the motherfuckin' crack king W/S nigga
lookin' mean
So pass the vaseline
Hit the supa green shott the M1 carbeam
It yellow tape on the scene, so join my team It looks like you need protection
From the W/S connection
Punk the world aint yours
'Cause motherfuckas like you do chores
We got bitches on the left, niggas on the right
Bitches wanna fuck, niggas wanna fight
Do what you gotta do, nigga keep it tight
But make 'em understand it's W/S foe life Y'all punk niggas don't got a choice
Yo bitch hear my voice pussy get moist
Bitches in the beauty shop, talkin' bullshit
Lyn' on which rich nigga done hit How many dicks did you have stuck in you
The topic is always whose fuckin' who
Nappy hair hoes with earrings in they nose
Always seem to fuck the riches bros A word to your females consumer
You given all the playas tumors with your hood rat rumors
Just because you gettin' your hair cut
Don't you got to spill yo guts and lie on my nuts We got bitches on the left, niggas on the right

Bitches wanna fuck, niggas wanna fight
Do what you gotta do, nigga keep it tight
But make 'em understand it's W/S foe life We got bitches on the left, niggas on the right
Bitches wanna fuck, niggas wanna fight
Do what you gotta do, nigga keep it tight
But make 'em understand it's W/S foe life Fuck niggas and flies and bitches and lies
