

Diamond Teeth Samurai

YoungBoy Never Broke Again

[Intro]

Aye

Aye, they might could do it better

I ain't trippin' off all that shit[Chorus]

Used to be broke but now I'm rich, I'm spendin' every penny

2Pac Shakur, ridin' through the North up in the Bentley

Curtis Jackson ain't no actin' when I'm on a mission

Tryna assassinate my character, I ain't say I did it

Nigga, you got that yayo? (well cut some nigga)

Nigga, you let them Ks go? (bust some nigga)

Oh, you duckin' them laws? (you better run from them nigga)

Oh, you playin' with that raw? (go and front some nigga)

[Bridge]

The block is hot, the block is hot

The block is hot, the block is hot

The block is hot, the block is hot

The block is hot, the block is hot[Verse 1]

Whole lotta killing, Helter Skelter like I'm Charles Manson

These niggas hatin' now keep that hammer, all these diamonds dancin'

Me and Meek Mill watchin' movies in Rick Ross mansion

You disrespect, I up the TEC and let you niggas have it

23 shots, LeBron James I shoot the cavalier

These niggas speakin' on my name I'ma get it clear

When they shot, they aimed for my brain but I'm still here

I'm a Bad Boy, never met Diddy but that's what it is

[Chorus]

Used to be broke but now I'm rich, I'm spendin' every penny

2Pac Shakur, ridin' through the North up in the Bentley

Curtis Jackson ain't no actin' when I'm on a mission

Tryna assassinate my character, I ain't say I did it

Nigga, you got that yayo? (well cut some nigga)

Nigga, you let them Ks go? (bust some nigga)

Oh, you duckin' them laws? (you better run from them nigga)

Oh, you playin' with that raw? (go and front some nigga)[Bridge]

The block is hot, the block is hot

The block is hot, the block is hot

The block is hot, the block is hot

The block is hot, the block is hot[Verse 2]

I'm in the all white Porsche wit' heat ridin' through Hollygrove

Discussin' 'bout what it's gon' take to get them birds gone

Say look, look daddy, I ain't your wardie make me bust your dome

Got a 100 shots up in the Caddy while I'm headed home

My lil' hitter quiet like Slim, we gon' shoot above the rim
We gon' pop 'em when we see 'em
Whip his pockets 'fore we kill 'em
We got the police on our trail, so we runnin' when we see 'em
Don't wanna front us now run, we gon' rob 'em when we see 'em, bitch
Police hit our stash house but we ain't closing shop
They got some niggas movin' work to stay right up the block
Knock on the door, I need a zone yeah I got the guap
Soon as he open up the door, he gon' see the Glock[Chorus]
Nigga, you got that yayo? (well cut some nigga)
Nigga, you let them Ks go? (bust some nigga)
Oh, you duckin' them laws? (you better run from them nigga)
Oh, you playin' with that raw? (go and front some nigga)[Bridge]
The block is hot, the block is hot
The block is hot, the block is hot
The block is hot, the block is hot
The block is hot, the block is hot
