

In Deep

Fantasia

I'm not scared if I bleed
If I tear it proves to me
The love I shared was worth
Every drop (drop, drop, drop)
And lord know I don't want
This to stop
I wanna go in deep
With you
I wanna go in deep
With you
I wanna feel your scares
And cherish every flaw
I wanna go in deep
With you
I wanna dig my nails into you
Strip you down to your truths
Take your dark side
I'll take your sunshine too (too, too, too)
I'll let you inside
And you can have mine too
I wanna go in deep
With you
I wanna go in deep
With you
I wanna feel your scares
And cherish every flaw
I wanna go in deep
With you
I wanna go in deep
Oh
I wanna go in deep
Yeah with you
I wanna go in deep
Oh, oh
Oh I wanna go in deep
Hey with you
I wanna go in deep
With you
I wanna go in deep
With you
I wanna feel your scares
And cherish every flaw

I wanna go in deep

With you
