

Birds (feat. Lil Uzi Vert)

Zaytoven

Blurr

Yeah

Blurr

Blurr

Blurr

Blurr

Yeah Birdman like Stander

Birdman like Larry

Shoot the three then swerve her

Birdman like Stander

Birdman like Larry

Shoot the three then swerve her

Only did her once

I might bless you

I won't text you, aye

I might next you, yeah

And I don't want no more

I want less you

I won't press you

I won't press you

Girl, you swear that you on

You know I can flex too

Don't got to impress you

I can fit you in my schedule

These girls keep calling my phone

Somebody gave her my number

My girl, she bad to the bone

That booty big just like a Hummer

You in the kitchen

And you whipping them babies

Birdman like Stander

Birdman like Larry

Shoot the three then swerve her Birdman like Stander

Birdman like Larry

Shoot the three then swerve her

Birdman like Stander

Birdman like Larry

Shoot the three then swerve her It cost a bunch

I know she love me so much

Diamonds they hit like a bus

Knuck if you buck

Girl, you is a duck

Girl, you is a buff
Girl, you is a bluff
Driving my car like a truck
Got a lil semi so tucked
My niggas all in the cut
You only see me but it's a bunch of us
Ouu
Boy I got offered a bunch
Emergency, emergency
30 k if a nigga really want to get touched
Hey, stay with my pockets so stuffed
Swear that my pockets gone bust
Boy I swear this ain't enough
Boy I swear this ain't enough
Remember them girls ain't so love
Now they want to give me hugs
A little more under them hugs
It's player, pimp shit in my blood
Birdman like Stander
Birdman like Larry
Shoot the three then swerve her
Birdman like Stander
Birdman like Larry
Shoot the three then swerve her
