DownTown

Peaches

'Cause I wanna take you downtown Show you my thing, show you my thing 'Cause I wanna take you downtown

Show you my thing, show you my thingGo down, go down Your face never saw the sites, the bright lights

The walls that always invite

Get it right, no fight

You'll be there up all nightI'll give you a bus ride, a park slide

A high rise full of surprises

A smooth path, follow track

All the way to my flat

Come with me, come with me

Come with me, come with me there Cause I wanna take you downtown

Show you my thing, show you my thing

'Cause I wanna take you downtown

Show you my thing, show you my thing

'Cause I wanna take you downtownWent to your area and I thought I would bury ya

Touched a monolith and it caused a hysteria

You keep on pinin' for me to go dinin'

I had me a meal and that keep me belly from whinin'Come with me, come with me Come with me, come with me there'Cause I wanna take you downtown

Show you my thing, show you my thing

'Cause I wanna take you downtown

Show you my thing, show you my thing

'Cause I wanna take you downtown

Go down, go down, go downtownCaves for bravin', go down

Flags for wavin', go down

Clubs for ravin', go down

Roads for pavin', downtownRivers for sailin', go down

Stores unveilin', go down

Walls for scalin', go down

Temples for wailin"Cause I wanna take you downtown

Show you my thing, show you my thing

'Cause I wanna take you downtown

Show you my thing, show you my thing'Cause I wanna take you downtown

Show you my thing, show you my thing

'Cause I wanna take you downtown

Show you my thing, show you my thing

'Cause I wanna take you downtown
