Calboy

HOOK (CALBOY)

I use to trap in the spot
We flipping babies got crack like the 80s
I Put my whole wrist in a pot
Damn , I took a risk with the pot
I told that lady she having my baby I spent a whole brick on a watch .

I told that Nigga I roll with some killers don't push it just know when to stop
And we hunt em down and we send rounds rounds we making it hot
I got some aim with this dracko I blow it it's Loud loud he dead when he drop
