Temporary Bliss

The Cab

I come over Quarter past two Love in my eyes Blinded by youJust to get a taste of heaven I'm on my knees I can't help it I'm addictedBut I can't stand the Pain inflicted In the morning You're not holding on to meTell me whats the point of doing this every night What you're giving me Is nothing but a heartless lullaby Gonna kill my dreams, oh This is the last time Baby make up your mind'Cause I can't keep sleeping in your bed If you keep messing with my head Before I slip under your sheets Can you give me something, please? I can't keep touching you like this If its just temporary bliss Just temporary blissWe were on fire Now, were frozen There's no desire Nothing spokenYou're just playing I keep waiting for your heart (I keep waiting for you) I am fiending for the sunshine To show our love in a good light Give me reasonI am pleading to the stars (Tell me) Tell me whats the point of doing this every night What you're giving meIs nothing but a heartless lullaby Gonna kill my dreams, oh This is the last time Baby make up your mind 'Cause I can't keep sleeping in your bedIf you keep messing with my head Before I slip under your sheets Can you give me something, please? I can't keep touching you like thisIf its just temporary bliss Just temporary bliss I'm your one and only, only when you're lonely (Na-na-na na-na-na)I'm your one and only, only when you're lonely (Na-na-na na-na-na)

I'm your one and only, only when you're lonelyBaby why you callin me? Not another one Not try'na be your whole life I don't wanna fall asleep I'm your one and only, only when you're lonely Baby why you callin me? Not another one Not try'na be your whole life I can't keep sleeping in your bed If you keep messing with my head Before I slip under your sheets Can you give me something, please? I can't keep touching you like this If its just temporary bliss Just temporary bliss **Temporary bliss** I can't keep sleeping in your bed If you keep messing with my head I can't keep feeling love like this Its not worth temporary bliss
