gotta a few friends that like to party fo sho  
We can hit a tune let my homie Deebo  
All in the mall in Everex

I can pick a hat but I'm to fat for a chat  
Po Po swarmed so i hopped in the Lex

P-L-A-Y-E-R  
giving her the eye as we head to the bar  
never give her money cuz you know she a star  
Do u wanna ride in my car?  
( )  
Do you? Do you?  
23's like jordan on the escalade  
got a pound of dro girl if you wanna blaze  
you can your hair down while the AC blow  
before you get in i just need to know  
Do you? (4 times)  
I'll keep it on the low, do you, do you In a mood like yes ya'll  
role a B let it test ya'll  
light the B if they stress ya'll  
connive dress and relax ya'll well  
stretch out like a Lex ball  
If it's dat raw  
to the chest with Remi  
like a slug with the vest off  
let me dust a niggas chest off  
let em leave with the menapause

cant believe how they sent em off  
switch the number then i bend em all  
bend and grinning about to spin em all  
just balling  
shot shot calling  
holla at your dog when they sipping alcohaling  
really wanna kik it but they all just stalling  
six dime pieces checking out me pausing  
they looking like eww he flossing

in the 5 double O fo sho

just to impress and flex the hoe

Do you? (4 times)  
I'll keep it on the low do you do you

had me feeling on your booty anda brotha was a 50 ball  
for you I'd even pour some Chrissy in the tub  
My body was stunnin wondering when if im gonna get them draws  
let me know now if im in the right lane  
tell me when i say the right thang  
i got tight flame  
rolling through stunning while i had you runnin  
cuz im coming some pimp tight game  
iced out charm  
chromed out truck  
come through balling like i really dont give a fuck  
blowing a fatty of the purple with the windows up  
while im sipping on Hennessey and Hypnotiq getting stuck  
and i need a gurl  
to carry me when them haters be attacking me  
backing me into a corner  
while a brotha trying to get thurs  
and i need a queen backing me  
while i'm running my faculty  
telling me i'm lethal when i spit words  
hit herb (oooooh)  
hold it then blow it out  
do u like the way i flow it out?  
dont eva act funny or petty with money when i throw it out

Do you like how i talk?  
Do you like they way i ride?  
Do u like the way I pimp freeze?  
I can let down easy  
cuz I'll still be the playa Twista slash P-O-P-I-M-P()I heard someone over there wanna ride  
with me with me
