Find a Way (feat. Rudy)

Dirty South

Til our world's collide, I'm here forever

Until I'll find you

And signs on my side, I'll wait forever

I know I'll find you

I will find a way

I will find a way

I will find a way

Til our world's collide, I'm here forever

Until I'll find you

And signs on my side, I'll wait forever

I know I'll find you

I will find a way
