

Follow Through

Gavin DeGraw

Oh, this is the start of something good
Don't you agree?
I haven't felt like this in so many moons
You know what I mean? And we can build through this destruction
As we are standing on our feet So since you want to be with me
You'll have to follow through with every word you say
And I, all I really want is you
You to stick around I'll see you everyday
But you have to follow through
You have to follow through These reeling emotions they just keep me alive
They keep me in tune
Oh, look what I'm holding here in my fire
This is for you
Am I too obvious to preach it?
You're so hypnotic on my heart So since you want to be with me
You'll have to follow through with every word you say
And I, all I really want is you
You to stick around I'll see you everyday
But you have to follow through
You have to follow through The words you say to me are unlike anything
That's ever been said
Oh and what you do to me is unlike anything
That's ever been Am I too obvious to preach it?
You're so hypnotic on my heart So since you want to be with me
You'll have to follow through with every word you say
And I, all I really want is you
You to stick around I'll see you everyday
So since you want to be with me
You'll have to follow through with every word you say
And I, all I really want is you
You to stick around, I'll see you everyday
But you have to follow through
You have to follow through
You're gonna have to follow Oh, this is the start of something good
Don't you agree?
