

The Sound of Muzak

Porcupine Tree

Hear the sound of music
Drifting in the aisles
Elevator Prozac
Stretching on for miles Music of the future
Will not entertain
It's only meant to repress
And neutralize your brain Soul gets squeezed out
Edges get blunt
Demographic
Gives what you want One of the wonders of the world is going down
It's going down, I know
It's one of the blunders of the world that no-one cares
No-one cares enough
Now the sound of music
Comes in silver pills
Engineered to suit you
Building cheaper thrills Music of rebellion
Makes you wanna rage
But it's made by millionaires
Who are nearly twice your age Soul gets squeezed out
Edges get blunt
Demographic
Gives what you want One of the wonders of the world is going down
It's going down, I know
It's one of the blunders of the world that no-one cares
No-one cares enough
One of the wonders of the world is going down
It's going down, I know
It's one of the blunders of the world that no-one cares
No-one cares enough
One of the wonders of the world is going down
It's going down, I know
It's one of the blunders of the world that no-one cares
No-one cares enough
One of the wonders of the world is going down
It's going down, I know
It's one of the blunders of the world that no-one cares
No-one cares enough
