

Lay With Me (feat. Vanessa Hudgens)

Phantoms

[Verse 1: Vanessa Hudgens]

My chest broken in half
Head rush right from the start
Oh no, I don't wanna let it show
Undress all of my doubts
Naked with or without no clothes
And I don't even feel that cold[Pre-Chorus: Vanessa Hudgens]

Just the thought of letting go
Makes me wanna pull you closer
Close enough so you can whisper every word
Run your fingers through my hair
Drawing picture on my shoulders
Waiting for the time for you to say it first

[Chorus: Vanessa Hudgens]

I want you to lay with me
I don't know where this is going
Every time we touch it's gold
Want you to lay with me
Nothing can be left unspoken
Every time we touch it's golden[Verse 2: Vanessa Hudgens]

Bed sheets cover the floor
Bodies keeping us warm all night
We don't have no sense of time
You're like adrenaline rushing through my bloodstream
Is this love?

'Cause I can't seem to get enough

[Pre-Chorus: Vanessa Hudgens]

Just the thought of letting go
Makes me wanna pull you closer
Close enough so you can whisper every word
Run your fingers through my hair
Drawing picture on my shoulders
Waiting for the time for you to say it first[Chorus: Vanessa Hudgens]

I want you to lay with me

I don't know where this is going

Every time we touch it's gold

Want you to lay with me

Nothing can be left unspoken

Every time we touch it's golden[Post-Chorus: Vanessa Hudgens]

Don't wanna leave this room

Feel like the gravity's a magnet to you

Want you to lay with me

I don't know where this is going
Every time we touch is gold[Bridge: Vanessa Hudgens]
Want you to lay with me
I don't know where this is going
Every time we touch is gold
Want you to lay with me
I don't know where this is going[Chorus: Vanessa Hudgens]
Want you to lay with me
I don't know where this is going
Every time we touch it's gold
(Every time we touch it's gold)
Want you to lay with me
(Want you to lay, lay with me)
Nothing can be left unspoken
Every time we touch it's golden[Post-Chorus: Vanessa Hudgens]
Don't wanna leave this room
(Don't wanna leave)
Feel like the gravity's a magnet to you
Want you to lay with me
(Lay with me)
I don't know where this is going
Every time we touch is gold
