Somewhere Out There (with James Ingram)

Linda Ronstadt

Somewhere out there Beneath the pale moon light Someone's thinking of me And loving me tonightSomewhere out there Someone's saying a prayer That we'll find one another In that big somewhere out thereAnd even though I know how very far apart we are It helps to think we might be wishing On the same bright star And when the night wind starts to sing a lonesome lullaby It helps to think we're sleeping Underneath the same big skySomewhere out there If love can see us through Then we'll be together Somewhere out there Out where dreams come trueAnd even though I know how very far apart we are It helps to think we might be wishing On the same bright starAnd when the night wind starts to sing a lonesome lullaby It helps to think we're sleeping Underneath the same big sky Somewhere out there If love can see us through Then we'll be together Somewhere out there Out where dreams come true Song Discussions is protected by U.S. Patent 9401941.
