Tory Lanez

Got it on Smash
OG Parker[Chorus: Tory Lanez]
I just want to be the one you textin'

Girl it ain't a thing, bring your best friend (Best friend)
Do the damn thing, we be out here flexin' (Flexin')
Flexin', we be out here flexin'
Many more long than an extension
Flexin' getting all my checks in
Money so long, I be out here flexin', flexin'
[Verse 1: Tory Lanez]
Flexin' do not treat me like a pedestrian
Know you heard, I fuck with your best friend
But girl those you look good and fuck sitting on your complexion
Girl I like it, baby girl I like it
And I might just take you down alrighty

I'm glad you like it, 'cause you know you supposed to
Come here shawty swing my way, till I bite it
