

# Boasy (feat. Not3s)

## Avelino

I'm from a mad place  
Get your act together  
Get your act straight  
Uh  
Imagine Biggie never had Faith  
I felt like Diddy when the cash came I'm doing numbers now  
All these notes man  
I never had 100 pounds  
I was 23 with a hundred thou'  
I ain't playing with chips  
Put a hundred down, everythings changed  
4 by 4s, everyting's range  
I don't chase girls  
Only Henny gets chase  
When then wanna wave at us  
We get waved  
And that's everyday  
Cause I remember being broke  
I remember having joke girls take me for a joke  
Hood scary  
And now I pull up in the Ghost  
I'm just boasy, I don't boast  
Let's make a toast Boasy  
I don't boast I'm just boasy  
Let's make a toast and get poury  
Drink it up for my story  
My story  
Like surely  
I remember days I was poorly  
Everyone try ignore me  
Now I'm living life boasy  
So boasy  
Yeah  
I been dreamin' of this  
Even through the days they didn't believe in the kid  
How could I take a break  
When I'm tryna make  
My fam move from the fiends and the bits  
I can never stop don't be silly, don't be silly  
If there's any problems then my bro's are getting drilly  
But we smiling now, cause we great  
Shutdown Libertine and got tay Ah, yes, aye, aye

If you know you're proper  
Put your bottles in sky-iy-y  
Lift it up high in the air, lift it up high in the air  
In the air, air, yeah  
I'm nice  
Sauce forever dripping man I know I never dry  
Man I'm so high in the air  
Man I'm so high in the airBoasy  
I don't boast I'm just boasy  
Let's make a toast and get poury  
Drink it up for my story  
My story  
Like surely  
I remember days I was poorly  
Everyone try ignore me  
Now I'm living life boasy  
So boasy  
YeahI remember having nothing  
But I still had to share it with my brothers  
I switched it quick, my gear got to shifting  
Now I only chill with the piff tings  
Now I'm high off of life  
I don't even smoke and I'm buzzing  
But I do, I'm high off the spliff ting  
I'm sorry mum, if you're listeningBoasy  
I don't boast I'm just boasy  
Let's make a toast and get poury  
Drink it up for my story  
My story  
Like surely  
I remember days I was poorly  
Everyone try ignore me  
Now I'm living life boasy  
So boasy  
Yeah
