

# Whatchu On Today (feat. Polo G)

## Bankrol Hayden

[Bankrol Hayden]  
Whatchu on today?  
My brothers just do you wrong today  
You can hate it if you wanna?hate  
But?one phone call?and they on the way  
'Cause I'm?just blessed just with a gift  
I remember I ain't have?shit  
In?the?mall we was?stealin' hella shit  
Free?my brother never switch  
Remember we was out here sharin' face  
Yeah, we went from bus routes to foreign whips  
Right before rappin', me and Modego was up in the basement  
I never knew faith could take my life and be so dangerous  
'Cause that be my dawg, I switch up the cost, no replacements  
Hard days to come home, it's a struggle alone locked up in them cages

Whatchu on today?  
My brothers just do you wrong today  
You can hate it if you wanna hate  
But one phone call and they on the way  
Whatchu on today?  
My brothers just do you wrong today  
You can hate it if you wanna hate  
But one phone call and they on the way [Polo G]  
I was thuggin' with the dropouts  
All lurkin' with a weapon  
Only degrees they know is first to second  
In that field tryna do a f\*ckin' murder with Wesson  
My youngins heartless, they purgin' and they steppin'  
If you catch a body, get a burner in the necklace  
I be out in traffic with some wild adolescences  
They gon' leave his mind on the curb, yeah, they reckless  
He was dissing on the gang, bet that p\*ssy learned his lesson  
I wear my flag, but this Ralph Lauren, not no Hilfiger  
You see me flexin', come and turn up with a real nigga  
Play your cards right, 'fore them killers come and deal with ya  
My homies dead, we party for 'em like they still with us

[Bankrol Hayden]  
Whatchu on today?  
My brothers just do you wrong today  
You can hate it if you wanna hate  
But one phone call and they on the way  
Whatchu on today?

My brothers just do you wrong today  
You can hate it if you wanna hate  
But one phone call and they on the way
