Jaywon

Cause you get eh raba
You leave me for oyinbo
The way we(×3)
The way we are
The way we act like we beary growing ups
Hold me down before i would go wrong
It's enough you don't love me no more
Don't you lie to me, let's be honest
Did my best in love just to work it out with you
Goodbye to you say hi to your lover
Nothing is ebedanla
Girl you drown me and you left me
