4th Chamber

GZA

Choose the sword, and you will join me
Choose the ball, and you join your mother... in death
You don't understand my words, but you must chooseSo... come boy, choose life or deathThe
only man a ho wait for

Is the sky-blue Bally kid, in '83 rocked Tale Lords
My Memorex performed tape decks, my own Fostex
Watch out for Haiti bitches, I heard they throw hex
Yo, Wu whole platoon is filled with raccoons
Corner-sitting wine niggas sipping Apple Boone

This ain't no white cartoon

Cause I be ducking crazy spades
The kid hold white shit like blacks rock ashy legs

Why is the sky blue? Why is water wet?

Why did Judas rat to Romans while Jesus slept?

Stand up, you're out of luck like two dogs stuck

Ironman be sipping rum, out of Stanley Cups, unflammable

Noriega, aiming nozzles stay windy in Chicago Spine-tingle, mind boggles

Kangols in rainbow colors, promoters try to hold dough

Give me mine before Po wrap you up in so-and-so

I ran the Dark Ages, Constantine the Great, Henry the 8th

Built with Genghis Khan, the red suede Wally DonI judge wisely as if nothing ever surprise me Lounging between two pillars of ivory

I'm lively, my dome piece is like building stones in Greece

Our poems are deep, from ancient tomes I speak

I'm overwhelmed as my mind roams the realm

My eye's the visions, memory is the film

Others act sub-tile, but they fragile above cloudThey act wild and couldn't budge a crowd

No matter how loud they get, though they growl and spit

Clutch they fists and throw up signs like a Crip

And throw all types of fit

I leave them split like ass cheeks and ragged pussy lips

Aiyo, camouflage chameleon, ninjas scaling your building

No time to grab the gun, they already got your wife and children

A hit was sent from the President to raid your residence

Because you had secret evidence and documents

On how they raped the continents and lynched the prominent

Dominant Islamic, Asiatic black Hebrew

The year 2002 the battle's filled with the Wu

Six million devils just died from the Bubonic Flu

Or the Ebola virus, under the reign of King Cyrus

You can see the weakness of a man right through his irisUnloyal snakes get thrown in boiling

lakes of hot oil

Up boils your skin, chickenheads getting slim like Olive Oyl Only plant the seed deep inside fertile soil Fortified with essential vitamin and minerals Use the sky for a blanket, stuffing clouds inside my pillow Rolling with the Lamb, Twelve Tribes a 144, 000 chosen Protons Electrons Always Cause ExplosionsThe banks a G, all CREAM downs a bet Money feed good, opposites off the set It ain't hard to see my seeds need God-degree I got mouths to feed, unnecessary beef is more cows to breed I'm on some tax-free shit by any means Whether bounty-hit scheme or some counterfeit CREAM I learned much from such swift cons who run scams Veterans got the game spiced like ham And from that, sons are born and guns are drawn Clips are fully loaded and then blood floods the lawn Disciplinary action was a fraction of strength That made me truncate the length one-tenth Woofers thump, tweeters hiss like air pumps RZA shaved the track, niggas caught razor bumps Scarred trying to figure who invented These unprecedented, opium-scented, dark-tinted Now watch me blow him out his shoes without clues Cause I won't hesitate to detonate, I'm short fused Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
