

# Since '84

## Mac Dre

C'mon  
Let's do it  
What it is  
Thizz is what it is  
unh yea  
Another Knocker  
Kick This game around like soccer Pull up a chair let me make you a plate  
Of this game tha's seasoned like a tasty steak  
Since '88 I've been serving them well  
I was serving yell when L was rocking bells  
Clocking mail get get getting it  
Copping it flip flip flipping it  
Now I'm spitting it bar for bar  
European whipping it car for car  
No doe hoe? You know I say no  
I need you like jaws need a rain coat  
I put dangles stay high as the star spangled  
Choke the blood out you bitch get strangled  
Get mangled fucking with this pimping  
Hot as Lipton Dre Jay Trimpson  
You better pay attention it's all gamed up  
Peep the bio the file see how I came up  
Since '84 I been out there gettin my doe  
In the Sco the O and Valley Jo  
Getting rich in the Rich and San Jo  
Grinding and rhymin' and pimpin' hoes  
Rolling on vogues and Two Fours  
Dre trippa got to stay with two hoes  
Stay with zippas boy I keep a few O's  
Get bossed and say dog she blows When I sweat her I say read my lips  
Bring me cheddar bitch bring me chips  
Finger tips ass hips and lips  
Folow my lead dont ask questions bitch  
I want fresh fits from Abecrombe & Fitch  
When it's going down the Mac comes and shits  
The Mac comes to spit  
Let me do it to your ear baby  
I'm trying to flip see I do it every year baby  
Real off the laddish  
Getting my cottage  
Cheese geez please beez freeze  
Stop it your heading down the wrong path

Fuck making bitch I want a tongue bath  
Dumb cash can you do it like me?  
Cash a fat check at the bank with no I.D.  
Can you blow by me when I'm doing 100?  
Smacking slapping in my 500  
Since '84 I been out there gettin my doe  
In the Sco the O and Valley Jo  
Getting rich in the Rich and San Jo  
Grinding and rhyming and pimpin hoes  
Rolling on vogues and Two Fours  
Dre trippa got to stay with two hoes  
Stay with zippas boy I keep a few O's  
Get bossed and say dog she blows I got cutthroat friends and lots of women  
I ride in a Benz but i'll squat a lemon  
I want a stuff turkey with all the trimmings  
To pay and play extra innings  
I'm winning fat lady start singing  
I'm finna get the cougnut and start swinging  
Skeet dance and eight  
And when they run my plates model and make  
I'ma shake like I'm riding with a K  
Pedal to the medal rarely hit the brake  
I love a high speed get away  
They wanna get rid of Dre  
Put the kid away  
But I'm in the day I'm in the 7 series  
So quiet you can't even hear the  
Engine when I smash the gas  
And would you look at all the wood on the dash Since '84 I been out there gettin my doe  
In the Sco the O and Valley Jo  
Getting rich in the Rich and San Jo  
Grinding and rhyming and pimpin hoes  
Rolling on vogues and Two Fours  
Dre trippa got to stay with two hoes  
Stay with zippas boy I keep a few O's  
Get bossed and say dog she blows
