

# No Friends (feat. ILOVEMAKONNEN & K Camp)

## Chase Atlantic

You are listening to Chase Atlantic, yeah I ain't got no friends in this

You should stay away, I feel a class difference

I know how us play but I'm anxious

And I don't need you preachin' 'bout whatever

I might lose my shit and leave forever I ain't got no friends

On the guest list, no

I ain't got no friends

On my mattress, no

I ain't got no friends

Oh, you an actress? Act this

Walk the fuck away and don't look back, bitch

No friends, no friends, no friends

No friends, no friends, no friends

Bitch done, bitch so upset

No friends, no friends, no friends

No new friends

Can't trust nobody, no, no

I win, I can't pretend, watch me jump out this photo

Shawty in love with the coco

These internet niggers free promo

Got hoes New York like Loso

Why you all in my face for a photo?

When I know you been hating on the low, low

These niggas too lame, they bozos

Hunnid K for a show, there's more though

I ain't got no friends

On the guest list, no

I ain't got no friends

On my mattress, no

I ain't got no friends

Oh, you an actress? Act this

Walk the fuck away and don't look back, bitch

No friends, no friends, no friends

No friends, no friends, no friends

Bitch done, bitch so upset

No friends, no friends, no friends Hey, I just went back home, so many did me wrong

Yeah, smiling in my face, tryna sing my song

Play me like a fool, saying that we cool

Had to leave them fakes, got rid of the snakes

Yes the boy got jealous of the man

Super shook, had to teach him once again  
Money back feeling romantic  
Chase across the Atlantic  
Work through that, that's why I whip it  
I'm out here looking terrific  
I can take your broad, whole team is a fraud  
I'll keep doing me, ya'll keep doing ya'll  
Do not hit my line, do not beg to call  
I ain't got no time 'cause I ain't got no friends I ain't got no friends  
Fuck the guest list, yeah  
I ain't got no friends  
On my mattress, no  
I ain't got no friends  
Oh, you an actress? Act this  
Walk the fuck away and don't look back, bitch  
No friends, no friends, no friends  
No friends, no friends, no friends  
Bitch done, bitch don't look sad  
No friends, no friends, no friends
