

Firehazard (feat. Emily Falvey)

Syence

No you're no good for me
But you got that energy
That have-to-have-you feeling And I know you're feelin' me Yeah we both love to hate
We don't communicate
We work out all our problems
With our body language Passion that we can't deny
That no one else can satisfy
You could see it even with your eyes closed
We burn so hot
Like it's a firehazard
Know we're in danger
But it doesn't matter
'Cause boy you know we're gonna do it anyway
And when we're going down in flames
You know we'll love every second of the pain
We burn so hot like it's a firehazard Fire fire fire fire
Firehazard
We burn so hot like it's a firehazard
Fire fire fire fire
Firehazard Swore I wouldn't get involved
Tried not to care at all
But right now this buzz I'm feeling's
Better than alcohol
Hear the sound of the alarms
Boy I'd still let you lead me on
Even though you're gonna leave my heart broke We burn so hot
Like it's a firehazard
Know we're in danger
But it doesn't matter
'Cause boy you know we're gonna do it anyway
And when we're going down in flames
You know we'll love every second of the pain
We burn so hot like it's a firehazard
Fire fire fire fire
Firehazard
We burn so hot like it's a firehazard
Fire fire fire fire
Firehazard We burn so hot
Like it's a firehazard
Know we're in danger
But it doesn't matter
'Cause boy you know we're gonna do it anyway

And when we're going down in flames
You know we'll love every second of the pain
We burn so hot like it's a
Fire fire fire fire
We burn so hot like it's a
Fire fire fire fire
We burn so hot like it's a
Fire fire fire fire
We burn so hot like it's a
Fire fire fire fire
(Fire fire fire fire)
(Fire fire fire fire)
(Fire fire fire fire)
(Fire fire fire fire)
