

# You Don't Know Me (feat. D. Woods)

## Gorilla Zoe

I can tell by the way that ya look at me  
You think you know me  
But baby, you don't know me, no  
I know you comin' home late  
I'm tryna help you get to know me, yeahGot two sides, okay, day and night, uh-huh  
I see the hood in you  
Okay, you see the hood in me but boo it's more to me  
I know you comin' home late  
Hey, but you don't understand me, noZoe in a CL 550  
I got the keys to the city, come ride with me  
Listen mama benny hunter a 'fo go the chow  
Eatin' good 'round here and I'll show ya how  
To get money, mo money baby M.O.B.  
Money over all these bish niggas hatin' me  
Wanna fuck with me, boo you gotta show me  
I'm hearin' what ya sayin', baby, you don't really know meI can tell by the way that ya look at  
me  
You think you know me  
But baby, you don't know me, no  
I know you comin' home late  
I'm tryna help you get to know me, yeahGot two sides, okay, day and night, uh-huh  
I see the hood in you  
Okay, you see the hood in me but boo it's more to me  
I know you comin' home late  
Hey, but you don't understand me, noSee the cars that you drivin'  
The diamonds, they just see the shine  
Not what's behind the man, not what he stands for  
Made up they mind when you walked in the door  
Hear the words you sayin' and they want more  
Don't know hustle, don't know struggle  
So, you gotta lay it out before him  
They don't understand you, noThey don't see the grind, they only see the shine  
Lookin' for the light but the money got 'em blind  
All we know is hustle, a life full of crime  
Battlefield niggas we stay on the front lineTarzan, I'm just lookin' for a Jane  
A little thug love try to take away the pain  
Throw me in a box try to keep me in a frame  
You lookin' at a nigga like a nigga can't changeI can tell by the way that ya look at me  
You think you know me  
But baby, you don't know me, no  
I know you comin' home late  
I'm tryna help you get to know me, yeahGot two sides, okay, day and night, uh-huh

I see the hood in you  
Okay, you see the hood in me but boo it's more to me  
I know you comin' home late  
Hey, but you don't understand me, no Kick it with a real G and you'll see  
There's a whole nother side of me, you feel me?  
Gotta look deep inside, I'm like Heckel and Clyde  
One man two lives, I'm confusin you right Take a look in my eyes, you can look in my soul  
Ain't no love in the streets, so, it left my heart cold  
Before it's all over and that big curtain close  
It's more than meets the man, I'm jus' here to let you know I can tell by the way that ya look at  
me  
You think you know me  
But baby, you don't know me, no  
I know you comin' home late  
I'm tryna help you get to know me, yeah Got two sides, okay, day and night, uh-huh  
I see the hood in you  
Okay, you see the hood in me but boo it's more to me  
I know you comin' home late  
Hey, but you don't understand me, no
