

Say Yeah

Wiz Khalifa

It's say yeah
One night in town, my niggas 'round
Throwin' money, them bitches hit the ground Then bring it back up, she bring him back up
Put 'em in that black truck, so many hoes they lapped up
My niggas leanin', diddy boppin'
Let's get it poppin', I said let's get it poppin' Just look at how she drop it, lil mama a certified pro
She need her own show, slide on down that pole and grind slow
Hell no, I ain't countin' my dough, I came to blow it all
And get some brains trynna find miss know it all And I got my cup filled you see how them
bucks peel
Young pimp see how grab me up a chick and just chill
In the back of the club with a stack full a dubs
Drop it low like a pro, bring it back, that's what's up
All my dogs up in here, plus there's hoes everywhere
Niggas stunt like you don't care, throw that money in the air and say yeah
(Yeah)
Throw that money in one hand and say yeah
Throw that money in the air and say yeah
(Yeah)
Throw that money in one hand and say yeah Throw that money in the air and say yeah

I'm high and drunk doing my same dance
They call it Pocahontas, doing that rain dance Talkin' dough I got it, so make it rain man
'Cause tha flow retarded, sorta like that Rain Man
Borderline insane man, look at all these dames, damn
When a nigga gettin' money, and now I'm a changed man You smell that haze scent, know my
gameplan
Trynna get it smackin', I ain't with dat gameplan
Lil momma work for every dollar she drop it low
Pop it slow, stop and go
Lots of smoke, we keep 'em rollin' up
Shorty mad she came with you, she wanna roll with us
In the back of the club with a stack full a dubs
Drop it low like a pro, bring it back, that's what's up
